

En-Lightning Research Talks: Sabbatical Research

Come hear our faculty scholars discuss their recent sabbatical research and scholarship in a series of fast-paced seven-minute presentations followed by a wine and cheese social hour. Featuring:

Ben Bogardus:
Reporting on 9/11

Alexander de Lencastre:
Functions of miRNAs in
Neuronal Degeneration
and Regeneration

Jill Fehleison:
Caregivers of the Past:
Women, Family, and
Plague

Rachida Parks:
Empowering Healthcare
through Digitization,
Analytics and Artificial
Intelligence – A Fulbright
Experience

Friday, April 21st
